

## REMARKS

Reconsideration of the above-referenced application is respectively requested in view of the above amendments and these remarks. Claims 1-20 and 25-33 are currently pending. Claims 21-24 are withdrawn.

This is a full and timely response to the Restriction Requirement mailed November 14, 2006. In the Restriction Requirement, the present examination is to be restricted to placing an active call on-hold in Claim Group I, claims 1-20 and 25-33, or synchronizing call appearance information in Claim Group II, claims 21-24. In response, Applicants hereby elect Claim Group I, claims 1-20 and 25-33, without traverse and for immediate prosecution. Consequently, claims 21-24 are indicated herein as being withdrawn from consideration.

As the Applicants have overcome all substantive rejections and objections given by the Examiner and have complied with all requests properly presented by the Examiner, the Applicants contend that this Amendment, with the above discussion, overcomes the Examiner's objections to and rejections of the pending claims. Therefore, the Applicants respectfully solicit allowance of the application. If the Examiner is of the opinion that any issues regarding the status of the claims remain after this response, the Examiner is invited to contact the undersigned representative to expedite resolution of the matter.
